

'Get in the boat'

from album '3121' by Prince

hook/intro

Prince

tempo=107

Notes;

- 1 This riff is played on saxes and trumpet/trombone on the track.
(of course you can learn the riff on your own instrument, focus on phrasing and feel)
- 2 The basic underlying rhythm is sixteenths.
- 3 The chord sequence is Cm7 and G7 with a bridge later on.
- 4 You can improvise in the same style using the C minor pentatonic scale.
(Use short rhythmic notes/chords and try to blend into the rhythm section)
